LANGUAGE THROUGH CULTURE

Language exists beyond the written word – it exists in the heart, the soul and the spirit of those who use it. That is why the experience of studying a language in a country where it is spoken every day is so powerful and so rewarding. At Centre of English Studies we believe that language and culture are two sides of the same coin, and that is why we offer comprehensive social programmes in all our schools.

Afternoon activities are scheduled every day during the week and can take place both inside and outside of the school. Visits to local museums and galleries are complemented with more vigorous outdoor activities such as five-a-side football (or soccer for those in Canada), exploring medieval abbeys, or even climbing a volcano!

Evenings are an opportunity for our students to come together and socialise through regular visits to local restaurants, late night cafes or even participate in that most British of pastimes, a quiz! Many cities take on a completely different character by night, and these evening activities allow you to experience a city that has truly come to life.

The weekend is an opportunity for students to explore further afield. Not only are schools located in fantastic destinations, they are also gateways to a world of experiences. Students in Toronto can experience the beauty of Niagara Falls, students in Dublin can visit the stunning Cliffs of Moher, and students in Edinburgh can travel north to visit a monster in its loch.

In addition to our weekly social programmes, all of our schools run regular events **throughout the week** in our common room spaces: quizzes, board games, pot luck lunches and graduations. At CES we understand that language is all about communication and making connections, and our social activities are designed to give you the opportunity to do just that.

THREE COUNTRIES. THREE CULTURES. ONE CES.

IRELAND

There are few countries that welcome visitors as enthusiastically as Ireland. The stereotype of the smiling Irishman rings true every time you walk down the street, and there is a joy to Irish life that is both infectious and captivating. This is a country of music, a country of song, and a country where people love to talk.

Why not visit Blarney Castle?
Why not experience live music in a local pub?
Why not try fresh Irish seafood?

CANADA

North America is a land of opportunity. It is a land that embraces the future and thrums with an energy that cannot be matched in Europe. Although they are located in different provinces, the cities of Toronto and Vancouver both stand out as places where locals celebrate life and make the most of every moment.

Why not visit the Royal Ontario Museum?
Why not experience an NHL hockey match!
Why not try kayaking on a Canadian lake?

THE UNITED KINGDOM

With a culture as varied as the weather, the United Kingdom offers students a range of experiences that will stay with them for life. From the historic castles of the South to the lakes and lochs of the North, our social programme team will help you explore a country made famous through film and television.

Why not visit the canals of Leeds?
Why not experience a London West End Show?
Why not try some traditional Scottish haggis?

ACCOMMODATION OPTIONS AT CES
